Barbara Lee's office (Gregory.adams@mail.house.gov or 202-225-2661)."

We need a Department of Peacebuilding to:

- Focus comprehensively on **preventing violence** domestically and internationally
- Save lives and money as nonviolence is proven **practical and cost effective**
- Expand civilian capacity for peacebuilding and **nonviolent conflict intervention**
- Promote and fund the many community-based violence prevention "**best practices**"
- Uniformly teach **violence prevention & mediation** skills to America's school children
- Address root causes of terrorism to **enhance homeland security**
- Support the military with complementary approaches & **post conflict reconstruction**

Each call takes only a few moments ... time well spent to build peace ...

Our human compassion binds us the one to the other - not in pity or patronizingly, but as human beings who have learnt how to turn our common suffering into hope for the future. -

It is past time to establish a Department of Peacebuilding to reduce suffering on a national and global scale while saving billions of dollars through violence reduction and increased economic productivity.

– Congresswoman Barbara Lee

During the global pandemic, many are acknowledging that “we are in this together.” Lasting prosperity comes from working together for the common good, with both today and the future in mind, which is the essence of peacebuilding. Please ask our leaders to make this a national priority.
