PEACE

AMPLIFY the Call for Peacebuilding!

Peace is about more than a holiday season. It is a way of life. It is taking a stand.

To have peace, we must build it into the structure of our society. We must research it, create it, be it and sustain it. We must work for it. [Email your member of Congress](#) and **call** one, some or all eleven of the members of Congress listed below for HR 1111.

Ask them to contact Congresswoman Barbara Lee's office via Gregory.adams@mail.house.gov or 202-225-2661 to sign on as a cosponsor of the Department of Peacebuilding Act of 2023 (HR 1111). **Each call takes only moments.** *You don't have to be an expert -- just speak from your heart. After you call, email nancy@peacealliance.org to let us know who you contacted.*
